Note:

- To bill for interperiodic EPSDT screenings – use the interperiodic codes (without a Modifier through 12/31/06) and the appropriate abnormal diagnosis code(s). Effective 1/1/2007, interperiodic screenings must be billed with a modifier and appropriate abnormal diagnosis codes.
- Follow-up visits – use appropriate office visit procedure codes (ex. 99211-99215) with the appropriate abnormal diagnosis code(s) and utilizing the appropriate EPSDT indicator on the claim form.
- An office visit & EPSDT screening is Not billable on the same day for the same provider.
- Hemoglobin and/or Hematocrit & Urine Dipstick for Sugar & Protein are included in the screening reimbursement – Not To Be Billed Separately.
- No Co-pay for Recipients Under 18.
